## Canterbury Collection

A collection of upholstery fabrics suitable for general domestic and contract use.

All these fabrics pass the BS5852 Part 1: Ignition Source 0 (Cigarette) and Ignition Source 1 (Match) Test to comply with the Furniture and Furnishings (Fire Safety) Regulations (July 1988).

We also stock this material treated to Crib 5 Standard.

The Martindale Abrasion result is 80,000+ rubs.

## Cleaning Instructions

All pile fabrics, including velvets, are subject to creasing and pile flattening.

To minimise these effects, turn cushions regularly and use a good quality of foam interior.

Vacuum regularly to remove surface dust and fluff etc.

A dry foam cleaner may be used for stains and applied with a large pored sponge or special applicator following the manufacturer's instructions.

Do not use a coarse or stiff bristle brush and avoid saturating the fabric with cleaning fluid or water as this could cause discolouration.

Cushion covers may be dry cleaned only by a professional dry cleaner.
