DISINFECTANTS RESISTANCE	OIL RESISTANT
UV RESISTANT	
CHLORINE AND SALT WATER RESISTANT	

Material composition

approx 88% PVC – compound / 2% Nano-hightec compound

approx 10% CO/PES – knitted fabric

weight 860+/- 50 g/m²

Thickness 1.0 +/- 0.2mm

Roll width 140cm

Roll length 30m

Application / Processing

Suitable for many kinds of upholsteries and coverings in the upholstery industry. Especially suitable for the use in the modern residential and contract area, in public buildings and institutions. Problem-free processing in the usual procedures (sewing, tacking, sticking, nailing). Do not use solvent-based adhesives!

Fabric care

For durable joy with your material, please clean regularly. Pollution by oil, fat and ink must be removed immediately. Clean with warm, mild soap sud and a micro-fibre cloth or a soft hand brush. Please, do not use solvents, chloride, abrasives, chemical cleaning agents or wax polishes. Please note that colourings by jeans or other textiles are excluded from any manufacturer's guarantee.

Special Notes

Our written and spoken technical recommendations, which we provide based on our experience in accordance with the current state of knowledge, are nonbinding and do not constitute a legal relationship and are not additional obligations from the purchase agreement. They do not release the purchaser from checking our products for the intended use under his own responsibility. Otherwise, our general terms and conditions are in effect. All earlier provisions to the contrary hereby become invalid.
