### Cleaning Instructions

Machine wash 40° C or dry clean

To minimise the effects of creasing, we recommend you turn cushions regularly and use a good quality foam interior.

Vacuum regularly to remove surface dust and fluff etc.

A foam cleaner may be used for stains and applied with a large pored sponge or special applicator following the manufacturers instructions.

Do not use a coarse or stiff bristle brush and avoid saturating the fabric with cleaning fluid or water as this could cause discoloration
